

RiskQuant Product Demonstration Series

Annotated Scenario Screenshots and Section References

This slide deck provides annotated screenshots used throughout the RiskQuant scenario demonstrations.

It is designed as a visual companion to the written guides—allowing readers to follow each scenario step-by-step, explore dashboard features, and understand how the quantitative results connect to real-world cybersecurity decisions.

Slides 2-47

RiskQuant Product Demonstration Series

Scenario 3: Systemic Threats in Enterprise Healthcare

Multi-scenario, multi-state events requiring advanced modeling, regulatory insight, and executive-level planning.
